

White Ferrero Rocher Easter Roses

Here's a beautiful and creative DIY idea to decorate your home this Spring.

1. Trace this pattern on a sheet of white construction paper and cut. You will have a circle and a "necklace" design.

2. Turn the "necklace" into a spiral.

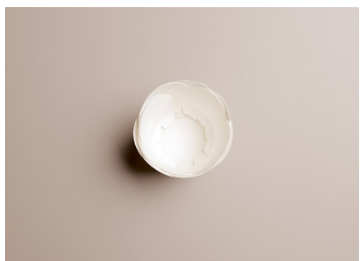

3. Curl the paper into a neat coil.

4. Place the circle on top of the coil.

5. You can fix the circle on top with glue.

6. Then, turn the rose over.

7. Place a Ferrero Rocher inside each rose.
